

GUESS THE ELF

Objective:

The goal of the game is to guess the name of the elf based on the clues given.

How to Play:

1. Choose one player to be the "Clue Giver."
2. The Clue Giver secretly selects one elf from the chart without telling the others.
3. The Clue Giver describes the elf using sentences in English. For example:
 - "The elf has red hair and wears a green hat."
 - "The elf has glasses and brown hair."
4. The rest of the players must listen carefully and try to guess the name of the elf.
5. The first player or team to guess correctly wins a point.

Rules:

- The Clue Giver can only describe the elf. No pointing or acting allowed!
- If no one guesses after three clues, the turn passes to the next Clue Giver.
- Encourage players to ask questions in English to get more details, such as:
 - "Is the elf wearing a hat?"
 - "What color is the elf's hair?"

Winning the Game:

The player or team with the most points at the end is the winner!
